# ONE OF GOD'S MIRACLES FOR THE MOUNTAIN

From Peggy Kirsic

*"Trust in the Lord with all your heart"... "Lean not to your own understanding, but in ALL your ways, acknowledge Him, and He will make your paths straight." Prov. 3:5,6*

*Last trips  
the old gator made.*

A witness to how wonderful this verse does work: at the camp where I do part of my missions work each summer, the director is a handicap and in bad need of a new 4W Gator for mobility outside (has motorized wheelchair inside). Well I had a plan to find a used one... wasn't going too well, but my son and one of his terminal managers had a different plan... for a NEW one!

They got moving, I joined them and together - following God's plan - in less than 2 months and through testimonies from Al and Chris, we raised over \$8500 from a few of my friends and church family but from nearly 40 truckers who don't know Eric, had never heard of the camp, but was moved by God to participate BECAUSE it was HIS plan. You would not believe some of the personal moves God made "inside" this project.

This was an awesome proof of the fact we should never lean on our understanding but put all our trust in God and acknowledge Him! Glory!
