Sponsor a child!! \$50

Now is the time to send \$ to help our kids come to camp.

\$50 goes a long way and can cover two or more kids. We would love to do more with them when they are here, but it depends how much we raise for them and having it early enough to plan.

All campers come from this area. Most are unchurched and under-privileged. We run the camp by what you give. If you feel God's leading please respond!!!

Oakhurst

I just received the latest book I wrote from the publisher. It is a Christian fiction. please let me know if you would like to buy one. The profits go to help kids come to camp here on the mountain. \$14+shipping

Oakhurst

“Sally finds herself with money to invest. She goes back to Oakhurst, where she was raised to relax and think. There, she finds her answer. The town on a remote island is falling down, the people there have given up. The young adults are all gone to find work.

Sally revives the town, the inhabitants and the young people in very unusual, ways. Then she brings in a young school teacher for the kids. Now life on the island is changed with bright hope for the future.”
