Moments

Come tell it on the Mountain

Moments with the
Master Ministries,
Inc.

**Kids, Kids every where
They make you crazy!
They make you care!**

Special points of
interest:

- ☺ Camp, Camp,
Camp!!!!
- ☺ We need your
help!
- ☺ Shelter roof blew
off in the storm
- ☺ Personal note
- ☺ Prayer request

Camp will be here before
we know it!!!

Every year God provides for
camp, some years more than
others. We have camp
through donations and the love
of His people.

**Would each of you
sponsor a child this year?**

If you started now and sent
\$50 or just
\$15 a month for 3 months, it
would make it so much easier on
us here to prepare.

If I am able I will send you a
picture and some details of the
child you are sponsoring.

We can use any volunteer
help we can get! **Come tell it on
the mountain!** with your words
or your actions!

You
could
change
a life!

**Thanks to those
of you have sent
in sponsor ship!**

**We have
27 children
sponsored.**

We need at least 75 more!

Picnic Shelter Roof Flew Off in the Storm

The picnic shelter was one of the first structures that was built for us. The youth of First Baptist, Barboursville, Ky and Mays Lick Baptist, Mays Lick, Ky completed it in 2002. We used it for everything!

We only had 2 small cabins and the shelter. So the shelter was used for meals, crafts, Services, talks and to play under.

When the storms came through, they took the top of the picnic shelter off,

The shelter as it used to be.

The roof landed about 75 feet away.

Who wants to come rebuild it??

as well as the Metal roofing on our old house.

Ernie, one of our older campers, says, "We have to build it back. Too many good things have happened under that shelter! Many kids and adults have come to know Jesus as Savoir while sitting under the place. I'll help

pay for it."

He is working and going to college now but continues to come help with camp every summer!

There have been some really neat prayer times with many tears shed. And I remember when it rained so hard we were

all cuddled together so we would not get wet, we were singing and the rain on the roof was so loud we could not hear each other sing. So I just yelled, "Everybody just sing whatever you want!"

Our Personal Life

Again thank you so much for your prayers! I (Faith) am doing wonderful! (No more cancer, in case you missed hearing that!) My Knee still gets stiff and my back hurts worst from favoring my knee. (So please pray for my back.) But God has **so blessed** me and continues to heal me from my head to my toes! Eric gets around in a wheel

chair when he is home, but with the nicer weather he still gets out there to get what is needed done. There is always so much to do on the property from road work to weed eating.

The grandkids keep us busy and smiling. Jude is 8

and Jade is 18 months. They bring so much joy! Never a dull moment when they are around.

Shea just changed jobs and now working at Walker Park .

Our house is wonderful, We can't stop praising God for this personal blessing.

Support for Mark

As most people know Eric's nephew, Mark, has been living with us for about a year and a half. With the economy the way it is and no industry in this area jobs are scarce. Mark has worked a couple jobs but they were temporary. He keeps applying and putting in applications, but without results.

Mark has proved to be a valuable asset.

Mark has proved to be a valuable asset doing almost everything around here, especially since Eric can do less and less, and probably shouldn't be doing as much as he does. In fact, Mark is much more valuable to us working here than someplace else, but we can't support him.

Mark has a few needs and obligations, and we are unable to meet them without putting us under tremendous strain or cutting here and there. And there is not much to cut.

So we are trying to raise support for Mark and asking if you could help in this area. If so, please earmark any contributions "Mark"

Thank you and may the Lord bless you.
