Now that Jesus is in my heart, He means so much to me and now I can be helped. I can help people. I can have someone to talk to when I am alone. I know that Jesus is with me.

Kids in prayer
Kids in fun
Oh, how I wish
You could meet every one!!

**I wish I could put every
picture in a newsletter. I
want each of you to look
into the eyes of these kids.
Then your life would be
changed!!**

These wonderful kids!!!

God couldn't have blessed us any more than He did with the kids He sent this year. They were so eager to learn more about our Jesus and God's Word.

We had many new kids, the kids from before shared of years past and how Jesus changed their lives. Nineteen hearts were opened to receive Jesus as Savior.

The angels in heaven were rejoicing all summer!! (And we were rejoicing here on the mountain as each child committed their lives to Christ.) I am so humbled to be used by our Lord to a part of each of these salvations. There is nothing to compare to this!

There were three teenagers that accepted Jesus on the last week. One was emo (kids who say they are emotionally disturbed, could be divorced parents, a death, etc they wear black, dye their hair black and it hangs in their face.) You should have seen the smile on her face for the rest of the week. God can make a difference!!!

What Jesus means to me

Morgan

Jesus to me is like music. I hear it everyday and it never changes. I respect Him as my God and my Savior. I look forward to seeing His face in Heaven

Haylee

To me Jesus is amazing, he's my Father, He's made wonderful plans for me. He's created all the beauty around me (nature). He's made it possible for me to have a family that loves me unconditionally when a lot of people out there have no families at all. He's everything to me.

Eric

He's mine and everything to me

Tony

Jesus means a lot to me. I know He is my Savior, I know He died on the cross for us. He is with me mentally and spiritually all the time and I know that He is watching over me.

Lisa

Jesus means eternity for peace and a good looking home. Jesus died on the cross and He died for my sins

Kelly

Jesus means a lot, I mean He died on the cross for my sins. He's helped me in many ways. He is my Lord. I love Him so much I don't know what I would do without Him.

Courtney

He means everything to me. I've realized lately I've been putting things before Him and not been taking the time to stop and thank Him or pray like I should.

William

He is my Savior, my friend and more

Thank you to all that helped to make this summer so great

What kids said about camp

Marissa Bullis 10

This camp is the best camp I had ever come to. The best part I like is learning about Jesus and getting saved here and learning magic. I can't wait to come back next time. And this is the saddest part, leaving.

Cody Jones 11

Riding the horses is fun. I can't wait to come back. Thank you! I love you!

Torri Gambrel 9

I like when we ride horse everyday and play games, and had pizza

Courtney Walters 16

Moments with the Master has been a great blessing to me. In just the first two weeks this year I learned so much about the love of God and got to know and love new people. I hope this camp is a true blessing on all children that come. I know I've been blessed every year I've come.

May the blessings continue and the love of God continue to be spread to all the kids. Thank you for everything Faith & Eric. I love you. Shea is the best camp leader and I love her.

Haylee Richard 14

At Moments with the Master a lot of kids come to know Jesus. There is a lot of fun things you can do such as riding horses, going to the lake, going on hikes, I could go on forever. You get to compete for points and have a really good time getting to know other people.

Madison Hatfield 10

We get to go hiking, horseback riding, and we get to have pop. Don't worry after you come, you'll want to come back. Trust

Chris Jones 8

It is fun, we go hiking, we ride horses, we play games. I can't wait to come back and bring a friend.

Sabrina Lowther 9

Camp is very fun, you get to play games. We have a movie theater in the game area and we have the best counselors. We have breakfast, lunch and dinner; they make the best food in the whole wide world. I love this place. I can not wait to come back

Jessia Jordan 10

I like everything about it, praying and all kinds of stuff

Taylor Jones 9

This camp is the best. Faith is a good person and Shea too!

Skyler Lowther 10

This camp is so fun. I like to ride horses. The magic was cool and I liked it when we went hiking. We had so much fun.

Fiction Books by Faith Estridge

The Dream

Tells the story of a lady who was in the wrong place at the wrong time. She saw too much and must be silenced.

Knowing that she was going to die, she made one last plea. Just a phone call to her daughter. That phone call made all the difference to Jim, her would be assassin.

Jim wanted to know what she knew that he did not. What made her not fear death? There was something in her life that was different. He had to find out what that difference was.

Queen of Hearts

Sara is a young lady determined to make her way through college. Working and her studies leave her little time for dating. She set standards for herself thinking she would be lonely, but instead she became the 'Queen of Hearts'.

The small campus of Oakhurst College became her challenge. Soon her goal was to not only finish college, but to get to know every student that attended in the years she was there.

Sandy Art

Sandy is a single mother, doing her best to raise a child alone. Her aunt, her only relative schemes to help her live comfortably, above her means.

She is desperate to pay the bills, so becoming a nanny and creating sand art is keeping her almost afloat.

What happens when she has to split her large four bedroom condo into two living quarters?

Coming

Oakhurst

Sally finds herself with money to invest. She goes back to where she was raised to relax and think. In Oakhurst, she finds her answer. The town on a remote island is falling down, the people there have given up. The young adults are all gone to find work.
