

2011 year had a marvelous ending. Faith's sister and her husband (Debi & Jim) came from Florida the day after Christmas for 4 days. Plus their 3 children, with their families came in from across the country. Angela and Erin came from Pa. with their 2 children, Charity and Phillip came from Ga. With their new baby and James and Hannah came from Ca. via Ohio.

We had a wonderful time. What a blessing! The Lord did a great work arranging for everyone to be here.

Now 2012 is here and it has started out the same as 2011-with surgery. In Feb. last year Faith had cancer surgery. Praise the Lord she is cancer free today. The 12th of this year Eric had his gall bladder removed and is doing remarkably well. Just bored

as there isn't much he can do as he isn't suppose to stretch or strain or lift anything over 10 lbs. for 6 weeks. It's especially hard for him as we are having a warm winter. No snow and much warmer than normal days (65 today), and he wants to get and do fencing, bush hogging, haul rocks and dirt, etc. Please pray for him.

## More Moments

We praise the Lord for Mark who is now working and has to feed the horses and do all the other things Eric normally does. He's wishing the 6 weeks would hurry up and end.

We are eagerly an-

ticipating another great year. The Lord has already touched the hearts of 3 groups (from Tn. and Mi.) that are bringing their youth on a missions trip here. Plus our normal camps (at least 4) this summer.

And we don't know what else the Lord has planned yet.

We also feel strongly that the Lord is urging us to reopen the school! Please pray with us about that.

Faith is teaching two students now.
