

## What a Mighty God We Serve!

We finished 18 year of camp and it never ceases to amaze us and thrill our hearts when we see kids come to know Jesus!

**We had 17 salvations**

A few of the kids that were saved

### Brianna's Story

In 2013, Brianna 9, and her sister, Desirea 10, camp , they asked Jesus to be their Savoir that year.

Since then they have come to every camp they could according to age (usually 2 times per summer). They have brought cousins and friends with them.

I lose contact with them every year, because of address changes and phone numbers not working, as it is with a lot of the kids. But theses girls always get a hold of us to find out when camp will start

One week last year she kept coming to me with some one at camp and would say she needs to be saved. She has a heart for God.

Last year we talked about Baptism and what it meant (remember most of these kids are unchurched), so Brianna came to me and said I want to be baptized. We have no way to baptize here at camp.

Well this year when they came, and asked about the horses. I told them we had no one to saddle them this year, the dad volunteered to do that.

We had **Greenroad Baptist Church**, a local church, doing the first week, so we started on Thur and went to Monday, so more members could help on the weekend. On Sat, the father said "I will be here in the morning at 9:00". My answer was "No, we will be going to church at Greenroad" ..

Then I remembered her asking to be baptized last year. I asked if they could. They said yes. They came and brought another camper from last year to be baptized too. **The father walked the isle to re-dedicate, then the mom came down and wanted to be saved!**

Please pray for this family as they are struggling with many things. The last day of camp when they came to get the kids. The father found out from a relative that had come to pick up their child, that his dad had died that morning.

**The biggest Blessing to a Christian is to see anyone, specially our loved ones come to know Jesus as Savoir!**
